Hi Janet,

Per our discussion earlier today, I have attached EPA's comments on the CWA Section 404 Corps of Engineers' public notice for the expansion of the coarse refuse disposal area at AEC's American Century Mine. In addition, I have attached CEC's response to those comments on behalf of AEC. We are currently working on a strategy to address CEC's response. We should get that all figured out when Wendy gets back from vacation next week. Please let me know if you have any questions. (As a bonus, I have also attached a copy of the public notice for your viewing pleasure.)

Melissa
